NEW ISLAND

At NEW ISLAND we value our customers' new ideas and concepts. We take great pride in creating high standard packaging to compliment the new and exciting designs of our customers. Established in 1964 with over 50 years' experience NEW ISLAND has grown to become one of the leading printers in HONG KONG and CHINA.

The company was publicly listed in HONG KONG in 1993 and acquired in 2014. Now a leading division of Huajun Holdings Ltd; trading under SEHK:377). To develop strong international presence, the company has established USA office in New York and have expanded over the past 20 years. Paris office has been operating since January 2016, as the main center for the company's European sector.

The Hong Kong headquarters is our marketing and management centre. New Island's two factories are located in Dongguan (Southern China) and Shanghai (Eastern China), with ready locked-in plans to execute and complete expansions in year 2018/9. The company now employs over 2,500 skilled workers. All plants are fully equipped to provide a complete one-stop printing solution from pre-press, printing, hand assembly to delivery.
